

THE SUGARING FACTORY

❖ Sugar Scrubs:

- **Coffee Scrub:** **Coffee** reduces inflammation, improves blood circulation, may reduce the appearance of cellulite, removes dead skin cells, and gives you radiant skin.
- **Apricot and Bamboo:** **Apricot** helps to correct skin tone and adds moisture. **Bamboo** contains high levels of silica which helps to absorb oils on the skin and helps to reduce acne and breakouts.
- **Charcoal:** **Charcoal** helps to remove toxins and bacteria from the skin, it can minimize the appearance of pores, and helps to brighten skin.

❖ ANTI-INGROWN AHA (alpha hydroxy acids) LOTION:

- Ingrown hairs can crop up when the hair follicle is obstructed by dead skin cells. This lotion tagged along with exfoliating can help reduce and/or prevent to growth of ingrown hair bumps.

(This lotion contains glycolic acid ingredient that may increase your skin's sensitivity to the sun and the possibility of sunburn. Always apply a broad-spectrum sunscreen rated SPF 30 or greater every day.)
